## Understanding the Benchmark Report

- **School.** All students at the school who have taken the IBT tests for a subject.
- **Country.** All students in the country who have taken the IBT tests for a subject.
- **International.** All students internationally who have taken the IBT tests for a subject.
- **IBT Scale Score.** There is an IBT scale for each subject: English, Maths and Science. The achievement of a student is based on the test score for a subject, which is converted to a location on the IBT Scale and expressed as a Scale Score. Within each subject, student achievement expressed as scale scores allows for direct comparisons of students within grades, between grades and also over time.
- **IB Asia-Pacific.** Student achievement from schools in the Asia Pacific region that follow an IB curriculum participating in ACER testing programs has been equated to the IBT scale for English and Maths.
