SAFE EMPLOYMENT POLICY AT ASHTON HOUSE

(Safe Recruitment)

Introduction

The school and EYFS setting employs 'safe' people; those who have been awarded a position on merit have been subject to a rigorous recruitment and selection process, including a number of pre-employment checks that provide the school with the ability to assess the individual's suitability for working with children. The school and EYFS setting employs staff members with a high level of expertise who meet the ethical and cultural ethos of the school and can demonstrate that they are committed to the mission of the school.

Reference to Legislation and Guidance

- The Education (Independent School Standards) Regulations 2014
- Keeping children safe in Education (2018)
- Working Together to Safeguard Children (2015)
- Safeguarding Vulnerable Groups Act (2006)
- Protection of Freedoms Act (2012)
- Disqualification under the Childcare Act (2006)
- Disclosure & Barring Service (DBS) Regulation of Independent Schools (December, 2013) (DfE)

Scope of This Policy

As a consequence of the size of the school, it is assumed for the purposes of this policy, that all employed individuals, including those sourced from an employment agency and service providers who deliver services on behalf of the school are engaged in 'regulated' activity (see definition below). Therefore, this policy applies to all individuals within these groups.

Volunteers (including visiting speakers) and contractors engaged to undertake a defined task within the school are not deemed to be engaged in regulated activity. The school's approach to managing volunteers is set out at the end of this policy, the management of contractors is included within the School's Health and Safety Policy.

Regulated Activity

Regulated activity includes:

- a) Teaching, training, instructing, caring for (see (c) below) or supervising children if the person is unsupervised, or providing advice or guidance on well-being, or driving a vehicle only for children,
- b) work for a limited range of establishments (known as 'specified places', which include schools and colleges), with the opportunity for contact with children, but not including work done by supervised volunteers;

Work under (a) or (b) is regulated activity only if done regularly. Some activities are always regulated activities, regardless of their frequency or whether they are supervised or not. This includes:

- c) relevant personal care, or health care provided by or provided under the supervision of a health care professional:
 - personal care includes helping a child, for reasons of age, illness or disability, with eating or drinking, or in connection with toileting, washing, bathing and dressing;
 - health care means care for children provided by, or under the direction or supervision of, a regulated health care professional.

The Recruitment and Selection Process

The way in which Individuals are recruited and selected to be employed at Ashton House School and EYFS follows a clear process:

STEP 1: Authorisation

All posts must be authorized by the Proprietor prior to advertisement. A recruitment file will be created within which will be held a note of the authorization, a copy of the advertisement and a copy of the job description which defines the purpose, duties and responsibilities of the post and a person specification

The recruiting manager is responsible for creating a job description and person specification or where one already exists, for reviewing and where necessary amending the document.

The Proprietor is responsible for signing off the advertisement, job description and person specification to confirm that all elements meet the requirements of this policy. A note of this will be retained in the recruitment file.

STEP 2: Advertisement

The school advertises a position that is vacant (or soon will be) in the local media and on the school web site. The advertisement broadly describes the position that is available. It will carry the following wording: **'Ashton House School and EYFS Dept is committed to safeguarding the welfare of children and young people and expects the same from its employees. All new staff will be subject to an enhanced DBS clearance, checks of identity, qualifications and employment history (to include an exploration of any gaps within employment) and two satisfactory references.'**

Applicants must contact the School and request an Application Pack which includes the standard application form, job description and person specification.

STEP 3: Receiving Applications

Applicants must submit their completed Application pack according to the prescribed time line in the application pack. Applications received after the specified time line expires will not normally be included in the process, unless the applicant can demonstrate that the delay caused was not within their control. All applications will be retained on file for a period of at least six months following the completion of the application process.

A CV will not be accepted as a means of application. All applicants must complete a standard application form and must complete all sections of the form. A CV may be submitted as supporting evidence for an application.

On the Standard Application, two (2) referees must be nominated (one of whom must know the applicant in a professional capacity, one being the current or most recent employer).

STEP 4: Shortlisting

Short listing will be based on the selection criteria which assess the candidate's qualifications, skills, experience, knowledge, aptitudes and abilities.

Applications are short listed on the basis of the Standard Application Form by the Headmaster and one other member of the school management team. A record of the criteria used and judgements made will be retained in the recruitment file.

Applicants judged not to meet the shortlisting criteria are informed in writing and they are encouraged to seek feedback from the Headmaster so that their application process may be improved.

STEP 5: References

The references of **all shortlisted candidates** (including internal applicants) will be requested prior to the next stage of the process commencing. Candidates must provide three referees, with at least two being from a previous employer or professional relationship and in the case of candidates for a teaching post that must be their current or most recent school or college employer.

Candidates who are unable or unwilling to provide the required references will not be progressed to the next stage of the selection process.

So called 'open' references will not be accepted under any circumstances

All references will be retained within the recruitment file for a period of at least six months following the completion of the application process.

STEP 6: First Interview

Candidates who have been short listed for the position will be invited to attend the School for an initial interview. The interview will be conducted by a panel of at least two members of school staff, with at least one of the panel members having undergone safer recruitment training. A note of the panel members will be recorded in the recruitment file.

Candidates will be requested to provide original versions of documents to confirm their identity and their professional qualifications. Copies of all documents will be made, annotated as 'true copies of the original' and retained within the recruitment file for a period of at least six months following the completion of the application process.

During the interview the candidate's employment history will be thoroughly examined to ensure that information provided is not contradictory or incomplete. Candidates will also be assessed for their suitability for working with children.

A record of the candidate's responses to questions, tasks and activities will be retained in the recruitment file for a period of at least six months following the completion of the application process.

A Pre-employment Health checklist will be issued to all candidates.

Candidates judged not to meet the job description and person specification criteria at this stage are informed by telephone and offered feedback from the Headteacher so that their application process may be improved.

STEP 7: Second Interview

Any candidate deemed suitable for the post as a result of successfully completing the previous stages will be requested to attend a second interview and in the case of a teaching post will be required, as part of the selection process, to teach a lesson.

The interview will be conducted by a panel of at least two members of school staff, with at least one of the panel members having undergone safer recruitment training. A note of the panel members will be recorded in the recruitment file.

A record of the candidate's responses to questions, tasks and activities will be retained in the recruitment file for a period of at least six months following the completion of the application process.

Candidates judged not to meet the job description and person specification criteria at this stage are informed by telephone and offered feedback from the Headteacher so that their application process may be improved.

The candidate judged to be suitable for employment will be informed by the Headteacher by telephone of an initial offer of employment. This offer will be confirmed in writing within seven days of the completion of the second interview. The confirmation letter will clearly state that the offer of employment is subject to the candidate completing pre-employment checks to the satisfaction of the school.
